ELEMENT

DANCE ARTS

Welcome to the 2026 Element Dance Arts Competitive Team Showcase. Today is such a special day for our studio, and we could not be more proud of the incredible group of dancers you are about to see on stage. This season, our competitive team is 103 dancers strong, ranging in age from just 4 years old all the way to 18. Each one of them brings something unique to our team — their energy, their artistry, their determination, and their heart.

To our dancers: we are so proud of how hard you have worked in your rehearsals.

The countless hours spent in the studio — perfecting choreography, refining technique, supporting one another, and pushing through challenges — have all led to this moment. Your commitment and growth this season have been inspiring.

For many of our youngest dancers, this is your very first time stepping onto the competitive stage. There is nothing more exciting than watching you discover your confidence and love for performing. We hope you soak in every second of this new adventure.

To our graduating dancers, who have truly grown up in the studio — what a privilege it has been to watch you evolve not only as performers, but as leaders, role models, and beautiful young people. As you step into your final competitive season, we hope you embrace every rehearsal, every backstage laugh, and every moment under the lights. You have helped shape our team into what it is today.

And to everyone in between — we are equally proud of you. Each dancer plays an important role in the strength and spirit of this team.

To all of the EDA parents, families, and friends: thank you for joining us this afternoon and for your unwavering support of these young artists. Behind every dancer is a network of encouragement — early morning & late night drives, quick costume changes, extra rehearsals, and endless cheering. We see you, and we are grateful. Finally, a heartfelt thank you to everyone who works behind the scenes to bring these visions to life — from costumes and rhinestones to props, painting, music editing, and countless small details that make the magic happen. Your dedication does not go unnoticed.

Today is a celebration of hard work, passion, and community. Enjoy every moment.

With pride and gratitude,
Michele, Stephanie and the EDA faculty
